lotes: Heavy Rain at the parking lot. Despite beir	ng july, it was in the 50s with windchill
n the mountain. Not enough people brought jacke	ets. Rain stopped but wind kept knocking raindrops off
eaves for a while. We saw many red efts/red-spoo	oted newts on the trail. At the top, it was very foggy and
our view was greatly limited.	
On the way back, we stopped at Tuggler's Gap Resi	tuarant and had pie and coffee.
