

2022 Nature Camp Scholarship Application

**Historic Rivers Chapter of the Virginia Master Naturalists
Williamsburg Bird Club**

**John Clayton Chapter of the Virginia Native Plant Society
Williamsburg Garden Club**

Nature Camp, located in Vesuvius VA, offers an ideal environment for students currently in 5th-12th grade who have a genuine interest in conservation and the natural world. The goal of Nature Camp is to foster an appreciation and love for nature through direct experience and to inspire the young people of today to become environmentally responsible and conscientious citizens of tomorrow. It is first and foremost an academic camp that emphasizes hands-on, field-based, experiential learning. During their two weeks at Nature Camp, students study in a variety of settings, including classrooms both inside and out, and spend much of their time behind the eyepieces of binoculars, knee-deep in a cold stream, running with butterfly nets, and completing written assignments. While there is hiking, a swimming pool, and a recreation field for free time, those seeking a solely recreational experience will not be happy at this camp.

The four organizations listed above have combined application efforts in order to streamline the process. By completing the forms in a timely manner, you are applying for a scholarship from any of the four participating organizations. Each scholarship winner will be notified by one of the organizations. If you receive a scholarship, you might be expected to come to that organization's chapter meeting in May to briefly meet members and to return in the fall to talk about your experience at Nature Camp.

This scholarship application is also available online at: williamsburgbirdclub.org, vnps.org/johnclayton/, www.gcvirginia.org/main/club-details/williamsburg, and historicrivers.org/. Applicants should also visit the Nature Camp's web site for more information and to download an application to Nature Camp at naturecamp.net. If you have any scholarship questions, email: jjones184@cox.net.

You will attend the session that matches your FALL 2021 grade level. The 2022 camp dates are:

1st Session (grades 10-12): June 19–July 2, 2022	3rd Session (grades 7-8): July 17- July 30, 2022
2nd Session (grades 8 - 9): July 3 – July 16, 2022	4th Session (grades 5-6): July 31–Aug. 13, 2022

There are three steps to this application process.

1. Fill out and return the attached scholarship application in a timely fashion.
2. Write a short (250-300 word) personal essay about yourself and your love of nature. (Instructions attached)
3. Ask a teacher or group leader to provide a recommendation for you. Provide the selected adult with a **stamped** envelope as well as a copy of the recommendation form.

Your Name: _____
Your Position: _____
How do you know this student?*** _____

This student has applied for a full scholarship to Nature Camp. This two-week camp is unique in its academic focus and emphasizes hands-on, field-based, experiential education in natural history and environmental studies. Each camper will be required to attend daily classes, to maintain a notebook/journal, to complete all written assignments, and to participate in outdoor activities in all types of weather. They are also expected to accept academic challenges with enthusiasm, commitment, and hard work. For more information and to better understand the goals of the camp, you can visit the website at naturecamp.net.

Your answers on this questionnaire will help the scholarship selection committee determine if this student would benefit from the Nature Camp experience. Please help us out by sharing with us some information about this student.

***If the student is home-schooled, the recommendation must be completed by an adult (other than the parent) who has worked with the student on a REGULAR basis (i.e., Scout leader).

- Tell us some of the classes/activities this student has been involved with that reflect his/her interest in nature and science.
- Tell us how you think this student might benefit from the two weeks in Nature Camp.
- Describe how the student performs in a group situation.
- Please provide any additional comments below or on the back of this page in support of this student's Nature Camp scholarship application. Thank you!
